### **NTC Communication 2015/02** **Changed requirements to the Pre Novice boys and girls** **section for the 2015/2016 season.**

Dear members,

This note serves to confirm that the SAFSA Council approved the proposal from the National Technical Committee (NTC) at the council meeting on the 9<sup>th</sup> May 2015. As from 1<sup>st</sup> July 2015 the following changes will apply to the pre novice sections:

- Music with vocals will be allowed for the component program only. Coaches and skaters are urged to adhere to the ISU guidelines regarding vocals in terms of the use of inappropriate, inflammatory or politically motivated lyrics.
- The element requirements for the component program are:
  - One single jump (no double jump allowed).
  - One step sequence in time to the music. No level is given to the step sequence but it must cover the full ice surface and not be a choreographed sequence.
  - One spin in one position only. (A variation position is allowed, as long as there is only one position in the spin).
- The value of a fall for Pre Novice in the component program and free program will be changed from 1.00 to 0.5

Kind Regards

Etienne Dreyer
